of some. Every Heart can join the throng in a Spirit of Cooperation and consciously participate in the Divine Plan. More than ever it is incumbent upon us to be aware of our choices and the impact they have upon society. The choices you make move you either towards Love or towards fear. We each hold the key to humanity's Transition and Evolution within our Hearts and hands. Nonetheless, the far-reaching effect of our Thoughts and Actions, infused with Love, Light and the Christ Consciousness of the Universe, are accelerating our Evolution exponentially.

Christ Consciousness

For the Purpose of Clarity, I restate here that Christ Consciousness does not mean the religion of Christianity nor any other religion. It is the term used to describe the Highest Level of Consciousness with which we were created at the fiery core of the Creator and to which we shall return. Christ Consciousness is something that we feel and know at the Heart. Jesus in his Earthly life became The Christed One and he demonstrated his Christed Self in every possible way according to the Priesthood of Melchizedek. By working with the Christed Beings of Light of the Universe, and enabling Higher Intelligence to penetrate our Earthly Presences, our World and our Reality, we too can become functioning, awakened Christed Beings on Earth. The Ascended Masters of the Great White Brotherhood within the Office of the Christ are ensuring our progress; they are the people of God too! It is time for us to step up with Right-Action¹⁴⁷ alongside the Spiritual Hierarchy into the Cosmocrafty® of the Universe, assisted by our working with Merlin's Alchemy.

It is so uplifting to realize that our Earthly Evolution is intersecting with Higher Intelligence, the Supermind. We are being re-attuned to Higher Levels of Light and Geometries that will regenerate us physically and in Consciousness. We are already receiving higher thoughtforms of Christ Consciousness as we progress, and we cannot conceive of how far they will take us. It is the Integration of Divine Love that will tip the balance of our Ascension. Energies received from Above are accelerating our spiritual learning curve, enabling our healing and curing our regressive tendency to re-pattern ourselves with the ways of the past.

147 See the Five Human Values in Chapter Three, I AM Presence, [page 123](#).

No one can step twice into the same river, nor touch mortal substance twice in the same condition. By the speed of its change, it scatters and gathers again. — Heraclitus¹⁴⁸

It is, therefore, first as individuals that we shall evolve into “We Consciousness” on Earth and then ultimately into Cosmic Christ Consciousness within the Universal system through the “Law of Group Life” that envelops us All¹⁴⁹. Then we shall be able to function within Cosmocracy®. On Earth we shall filter out into our communities, nations and on a global scale within the Noosphere. Eventually, humanity will live in Unity and Oneness, Love and Respect, not domination and subjugation, embodying God-Qualities, also described as Christ Virtues. As Jesus taught and demonstrated, these are the qualities we would do well to embody.

Thus the Creation of The New Camelot requires our conscious application of Spiritual Wisdom (i.e. applied Spiritual Knowledge) that has been handed down to us¹⁵⁰ for millennia and by Merlin himself. It is up to us to seek right choices, to find answers that mitigate life’s difficulties and to bring about the Highest Good for everyone and everything. This is true Freedom.

The following was written some 2,000 years ago by Apostle Paul (now known as Ascended Master Hilarion) in Romans 12:14-21. It is as relevant today as it was in light of the outbreaks of war on the planet:

Bless those who persecute you; bless and do not curse. Rejoice with those who rejoice, and weep with those who weep. Be of the same mind toward one another. Do not set your mind on high things but associate with the humble. Do not be wise in your own opinion. Repay no one evil for evil. Have regard for good things in the sight of all men. If it is possible, as much as depends on you, live peaceably with all men. Beloved, do not avenge yourselves, but rath-

148 Heraclitus, c. 535–475 B.C.E., a pre-Socratic Greek philosopher, born in Ephesus, Ionia, was known as the “The Obscure” and “Weeping Philosopher”, a pioneer of Wisdom and an Ancient Cosmologist. He espoused the Unity of Opposites.

149 “The Law of Group Life” states that not only must Man fulfill his familial and national obligations, but he must think in terms of humanity itself. All aspects of life are interdependent and when the individual embraces the group quality of Brotherhood, all of the group benefits.

150 See Chapter 6, *Avatars and Enlightened Beings*, in *Merlin and The New Camelot: The Birth of Collective Christ Consciousness*.

er give place to wrath; for it is written, "Vengeance is Mine, I will repay," says the Lord. Therefore, "If your enemy is hungry, feed him; If he is thirsty, give him a drink; For in so doing you will heap coals of fire on his head." Do not be overcome by evil but overcome evil with good.

Human Capability

Unconditional Love and Christ Consciousness are energies and thus are difficult to describe in words. No matter how we feel, it is our experiences that we can more easily share. When we move beyond intellectual analysis and the emphasis of seeing with the physical eyes, we can allow all our senses to speak to us and perceive things from within. As Merlin always advises, it is as important to "feel" something as it is to understand it. When receiving the Energies of Merlin's Alchemy, you are offered an opportunity to do just that, to explore and feel from within. It is the mind that conjures up a plethora of reasonings and interpretations (and misinterpretations) but it is the Wisdom of the Heart that knows best. If we genuinely want to change our World for the better, we must open our Hearts and Minds to experience what Spirit is showing us. We must awaken to what is happening, rather than remain in a comfort zone of what we already know, refusing to face inevitable Change. As the Ancient Chinese philosopher Lao-Tzu, the founder of Taoism, said:

Life is a series of natural and spontaneous changes. Don't resist them — that only creates sorrow. Let reality be reality. Let things flow naturally forward in whatever way they like.

How conscious (or present) are we in the throes of verbal, mental and emotional assault? Can we hold on to our chosen course of Action? When our feelings and emotions are in turmoil, our thinking can become clouded. It is up to us to be still, to be at Peace and choose our Thoughts, Words and Actions wisely. In a split second we can realize what is happening and observe any emotion or feeling that has arisen within us. We can choose to be Love, remain in Love and act from that place of Love. Giving is an act of Love, and Service is an act of Selflessness. When we clear our auric fields of negativity, we increase our capacity to serve.

In our daily lives we may find ourselves fighting Time, trying to "cram in" as much as we possibly can. Synchronicity and "ease of flow"

occurs when we are relaxed, not trying to force an outcome. When we try to force ideas or repeat the patterns of the past, we may block the future accomplishment of our goals by obscuring the Inner movement of Intuition, Psychic Perception and Faith. When we pray asking for forgiveness for errors and omissions of the past, we are in effect evaluating the past; when we pray for our future, we are unconsciously participating in its Creation. Prayer brings Purpose and Direction to the petitioner. It is a proven fact that our unconscious mind obeys commands, hence the effectiveness of hypnotherapy to change our Inner Programming and Behavior. In the *Pistis Sophia*¹⁵¹ we read that “everyone will go to the region up to which he hath received mastery”. This is indeed encouragement to pursue your own Spiritual Path and Destiny.

You can, therefore, create your own Destiny by working to consciously heal your Inner drives and Belief System and raise your Consciousness and Vibration. Your feelings, emotions and Inner messages may be trying to get your attention. To ignore them leaves your Destiny to fate, and fate may lead to an undesired outcome created by the Law of Cause and Effect. What are you setting into motion Now with the power of your Intention and Attention? As Jesus said:

You know neither the day nor the hour wherein the Son of Man (i.e. your miracle) cometh”.¹⁵²

For millennia, Man’s ignorance and arrogance has lured him into a stupor of disregard for the Biosphere and his place within it. Nonetheless the Spiritual Realm and all those who work diligently to assist Man in his Ascension, have allowed him at his own will to “awaken” at his own pace. Yet even before our recorded history, other beings in the Universe have visited Earth. Our DNA was seeded with the adamic blueprint (or Adam Kadmon) the energetic foundation of the Soul. This Divine patterning connects Man to the place from whence he came. It is, therefore, a natural progression of our Evolution that we seek to reconnect to and understand

151 *The Pistis Sophia* is a gnostic text discovered in 1773, possibly written between the 3rd and 4th centuries C.E. The manuscript relates one Gnostic group’s teachings of the transfigured Jesus (after his Resurrection) to the assembled disciples, his mother Mary, Mary the Magdalene and Martha.
